ANNUAL TOWN MEETING

The legal voters of the Town of Strafford are hereby notified and warned to meet at the Town House on Tuesday, March 3rd, A.D. 1936, at 10 o'clock a. m., to transact the following business, namely:

Article 1. To elect a Moderator.

Article 2. To elect a Town Clerk.

Article 3. To hear and act upon the report of the Auditors.

Article 4. To vote upon the question: "Shall the Selectmen be empowered to appoint one or two Road Commissioners, or shall one or two Road Commissioners be elected by ballot?"

Article 5. To choose all other necessary Town Officers.

Article 6. To see how much money the Town will raise to support the poor, defray ordinary expenses and bridge and highway expenses, under the direction of the Selectmen.

Article 7. To see how much money the Town will raise for the support of schools.

Article 8. To see how much money the Town will raise for the maintenance of highways.

Article 9. To see if the Town will vote to raise money to pay the county taxes.

Article 10. To see what sum of money the Town will raise for permanent highways or for resurfacing to take advantage of the State Aid Law.

Article 11. To see if the Town will vote to raise or pool money to extend the black-top road towards the Thetford town line.

Article 12. To see if the Town will accept the provisions of the Public Laws relating to the collecting of taxes by its Treasurer, together with the time of payment of the same, and the rate of discount allowed.

Article 13. To see if the Town will vote to repair the Pond school house, under the direction of the School Board, according to State plans.

Article 14. To see if the Town will authorize the Selectmen to arrange for fire protection.

Article 15. Shall an Act of a special session of the General Assembly held in December, 1935, entitled "An Act for the establishment of a national park known as the Green Mountain Parkway, limiting the lands held therefor, prescribing the jurisdiction to be retained by the State, making an appropriation in connection therewith and providing for a bond issue," become a law April 1, 1936?

Article 16. Shall license for the sale of malt and vinous beverages be granted in this Town? Shall spirituous liquors be sold in this Town?

Article 17. To transact any other legal business.

S. W. EASTBURN,

FRANK BROWN,

R. K. PRESCOTT,

Selectmen of Strafford

Strafford, Vt., Feb. 15, 1936.

Total Receipts **\$6,896.98**

Excess of Receipts Over Expenditures \$557.45.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Board of School Directors and
Citizens of Strafford:

This report is for the school year from July 1, 1934,
to June 30, 1935.

For the information of the people a brief explanation of the causes for changes in supervisory districts follows: The 1935 legislature enacted laws altering the entire school system of the state. The Commissioner of Education, acting under orders, removed Chelsea and annexed Royalton to the Orange Southeast District and named the new union the Orange-Windsor District, which now comprises the towns of Norwich, Royalton, Sharon, Strafford, and Tunbridge.

Certificates for the satisfactory completion of the elementary school course were issued to the following: Wilmer Brooks, Ruth Olsen.

High school tuitions were paid during the year for thirteen resident pupils. Although five of these pupils have graduated, the present large enrollment of nineteen in the eighth grade would indicate that the number attending high schools will be larger next year than for some years past.

The Strafford Village School has been provided with electric lights. This is a much needed improvement as the window glass area for the grammar room was bare-sufficient to meet standard requirements. At the South Strafford School the sill has settled around the foundation walls, at one point allowing the cement slabs to get out of place. This could be repaired now at much less expense than if it is postponed. The Millers Pond School is by far the most uncomfortable schoolroom in town. I would recommend that the circulating heater formerly used in the abandoned South Strafford school building be installed at the Pond School, and that the old chimney be replaced with a new one as a protection against fire hazard and also to provide the essential ventilation unit. The windows and doors of this building in their present condition are not a suitable protection. State aid could be obtained for repairs of this nature.

Standard achievement tests were administered to all Strafford pupils in the intermediate grades at the end of the school year in 1935. The results are given in the table at the end of this report. The table is read as follows: At the end of the school year pupils in grade four (as shown in the first column of figures at the left) secured an average school grade on the total examination of 4.7 (as shown in the second column headed "Total Score"), an average school grade of 4.5 in Reading (Test 1), an average school grade of 4.8 in knowledge of word meanings (Test 2), and so forth across the page. As the tests were given at the end of the school year, pupils in grade four should secure a school grade of 4.9 showing progress equal to nine-tenths of the way thru their grade if they are up to grade level in that subject.

Study of these results show that, on the whole examination, grade four lacks two-tenths of a school grade of being up to grade level. Grades five, six and seven are retarded about four-tenths of a school grade. The separate subject tests show that in general the school pupils above grade four are retarded in reading, knowledge of word meanings, and spelling by about one whole school grade, but that they are doing very good work in other subjects.

After study of this survey of school work, I recommend that a more up-to-date spelling list be secured than the one at present in use, and that an effort be made to provide pupils in the intermediate and upper grades with a greater amount and variety of interesting reading materials. Many pupils are reading books obtained from the State Library Department at Montpelier, but there is evidence that the pupils who most need this practice material in reading are not using it.

A law passed in 1935 permits school directors to spend a certain amount of money under specified conditions for the correction of physical defects of school children. It is hoped that the names of children suffering from the most serious defects at least will be brought to the attention of the school directors by persons interested in their welfare.

Respectfully submitted,

A. C. PARKER,
Superintendent of Schools.

**TABLE SHOWING STANDING OF STRAFFORD
PUPILS BY AVERAGE SCHOOL GRADE ON
STANDARD ACHIEVEMENT TESTS,
JUNE, 1935.**

Strafford Pupils Grade	Total Score	Average Achievement by School Grade in Test								
		1	2	3	4	5	6	7	8	9
4	*4.7	4.5	4.8	4.5	4.4	6.6	4.7	4.4	4.2	5.4
5	5.5	5.	5.3	5.4	5.7	6.3	5.8	5.6	5.5	4.7
6	6.5	5.6	6.6	6.5	6.7	7.8	6.9	6.4	5.8	6.4
7	7.5	6.8	6.7	8.4	8.	6.9	7.8	8.2	8.	6.2

*Explanation: Since the tests were given at the end of the school year, nine-tenths of a school grade above the grade listed shows the normal condition, neither advanced nor retarded. Thus it will be seen that Strafford pupils in grade four are below the point where they should be by two-tenths of a school grade.

Key to the numbers in the table: 1, Reading; 2, Word Meaning; 3, Arithmetic Fundamentals; 4, Arithmetic Problems; 5, English; 6, Literature; 7, History and Civics; 8, Geography; 9, Spelling.

OVERSEER'S ACCOUNT

Homer Kendall, Overseer
